

RENAISSANCE AND BAROQUE VILNIUS. Walking tour with Julius

Walking tour is a great way to get to know our beloved city! During the tour we will visit most of the highlights of the old town, associated with the periods of renaissance and baroque.

Vilnius has a charming old town with its cozy narrow streets, hidden courtyards and subtle statues. But without the stories behind them all, those would be just nice photos... Enjoy a leisurely walk visiting the most interesting places including Vilnius Cathedral, St. Anne's Church, the Gate of Dawn and other magnificent buildings.

Join the walking tour at 12 PM (midday), meet us at Vilnius Cathedral Bell Tower.

Duration 2 hours.
